159th Annual Session

1938

September 5	Monday, all first year students report at 2:00 o'clock p.m.; 3:00 to 4:00 p.m. intelligence test given; Orientation period.
September 6	Tuesday, Orientation period.
September 7	Wednesday, registration of all students.
September 8	Thursday, 8:30 a.m., class instruction begins.
September 8	Thursday, 9:30 a.m., Convocation.
November 7-8	Monday and Tuesday, mid-semester examinations.
November 23	Wednesday, 1:00 p.m., Thanksgiving holidays begin.
November 28	Monday, 8:30 a.m., instruction is resumed.
December 17	Saturday, 1:00 p.m., Christmas recess begins.

1939

January 2	Monday, 8:30 a.m., instruction is resumed.
January 13	Friday, final examinations for first semester.
January 20	Friday, registration for second semester.
January 21	Saturday, class instruction for second semester begins.
March 17-18	Friday and Saturday, mid-semester examinations.
March 18	Saturday, 1:00 p.m., spring holidays begin.
March 27	Monday, 8:30 a.m., classes resumed.
May 6-7	Saturday and Sunday, May Day.
May 16-20	Final examinations period.
May 20	Saturday, 7:00 p.m., Alumni Banquet; 8:30 p.m., concert, Department of Music.
May 21	Sunday, 11:00 a.m., baccalaureate sermon; 8:00 p.m., Y.M.C.A.-Y.W.C.A. sermon.
May 22	Monday, 5:00 p.m., Class Day; 8:00 p.m., play, Department of Spoken English.
May 23	Tuesday, 10:00 a.m., Commencement Day; baccalaureate address; graduating exercises.

Religious Education

A.B., Central College; B.D., Duke University; Southern Methodist University.

LULA MAY STIPE, A.B.

Religious Education

A.B., Salem College; University of North Carolina; Columbia University.

ROCHELLE P. STROUD, A.B.

English

A.B., Woman's College of the University of North Carolina; Columbia University.

KATHERINE UHLER, LIC. ES L.

Foreign Languages

Lic. Es L., La Sorbonne, Paris, France; Universite de Montpellier; University of Arizona; University of California; New York State College for Teachers; Duke University.

Faculty Committees

1938-1939

Director of N. Y. A. and Self-Help Work—Dr. Amick, Mrs. Perry.

Advisory Board — Dr. Amick, Miss Stipe, Mr. Peele, Miss Peyatt, Mr. Oliver.

Curriculum—Mr. Peele, Mrs. Kilby, Mr. Oliver, Rev. J. G. Phillips.

Social—Miss Stipe, Miss Peyatt, Miss Craig.

Religious Activities—Mr. Moon, Miss Stipe, Rev. J. G. Phillips.

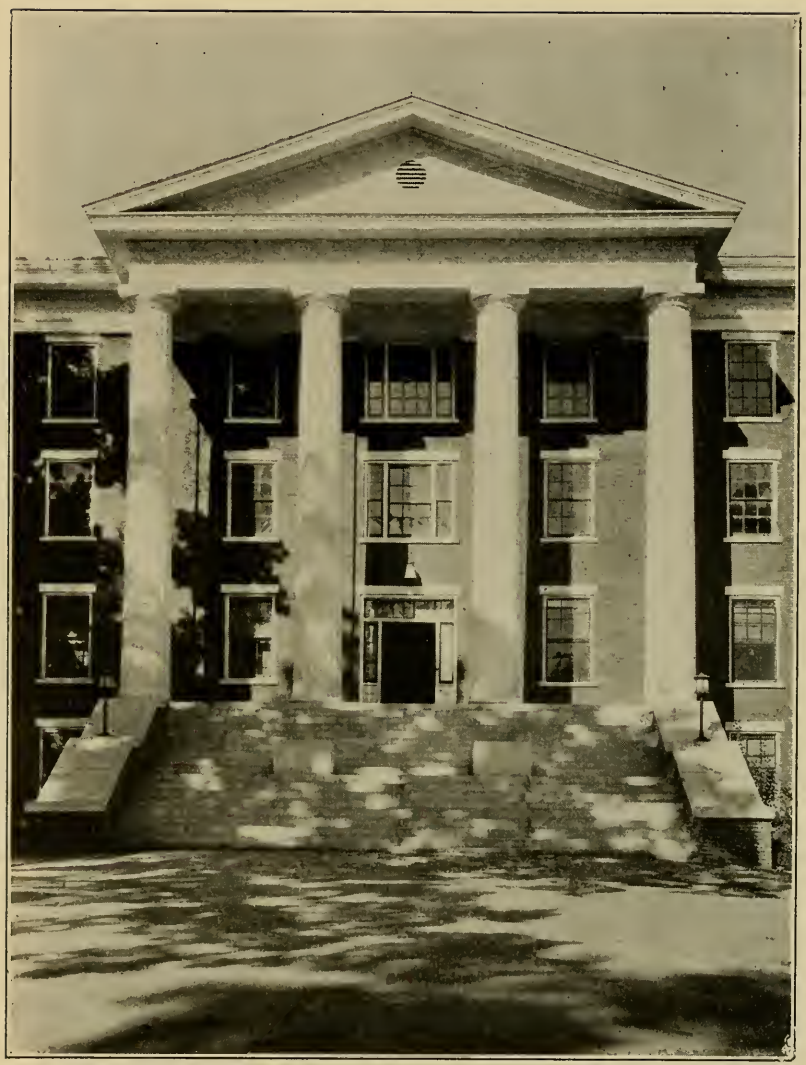
Library—Miss Craig, Mrs. Uhler, Mrs. Moon, Mr. Peele.

Dining Hall—Mr. Kilby, Miss Stipe, Miss Deyton.

Athletics—Mr. Cameron, Miss Finch.

Committee on Buildings and Grounds—Mr. Kilby, Mrs. Bradshaw, Mr. Patrick.

The President is *ex officio* member of all committees.



Administration Building

AIRPLANE VIEW OF LOUISBURG AND VICINITY, SHOWING LOUISBURG COLLEGE IN RIGHT CENTER

Louisburg College

Historical Sketch

When the county of Franklin was formed in 1779 three commissioners were appointed to locate the county seat and provide for the needs of the town and county. They purchased one hundred acres at the "Fords of the Tar," and here has developed the town of Louisburg. These were wise men in that they at once made provision for the education of youth. On the elevation overlooking the "Fords" and surrounding country twenty-six acres of land were reserved for school purposes. The principal street of the city now divides the lot into halves, one of which became the property of the city schools. The other was secured by the Louisburg Female College Corporation, now Louisburg College. In 1779 a suitable building was erected and "Franklin Academy for Males and Females" started on its career of usefulness under the guiding hand of Matthew Dickerson, the maternal uncle of David Dudley Field. The charter was granted in 1786, but a few years later it was thought best to separate the male and female departments, and in 1802 the "Louisburg Female Seminary" was chartered and suitable buildings erected for the accommodation of girls only. In the more than one hundred years since Louisburg Female Seminary was chartered the school has had all the struggles incident to private and unendowed institutions, but at no time has its service to the commonwealth been small.

In 1855 the people of Louisburg realized that the Louisburg Female Seminary could not meet the demands of the time; that the time had arrived when young women should be given higher educational advantages. To meet

this demand a joint-stock company was organized and chartered by the Legislature under the name of the "Louisburg Female College Company," the object of which was to establish a college of high standard for young women. Two years later the new college opened as a private enterprise.

In 1891 the property came into the hands of the great-hearted Washington Duke, and was held by him for the education of North Carolina women during the remainder of his natural life. In 1907, on the death of Mr. Duke, the property was given to the North Carolina Methodist Conference by his son, Benjamin Duke. In 1908 the college property was accepted by a Board of Trustees, acting under the authority of the Conference. In September, 1931, Louisburg College again became a coeducational institution, thus doubling its possibility of service.

General Information

Location

The town of Louisburg, the county seat of Franklin County, is situated about thirty miles northeast of Raleigh, the State capital. An excellent system of highways makes the capital city and all points in the State easily accessible by automobile. Louisburg is also a terminus of a branch line of the Seaboard Air Line Railroad, which unites with the main line at Franklinton. There is a population of about three thousand people in the town, which is situated on rolling hills with excellent natural drainage. The town has a system of waterworks which supplies the community and the College with pure water. It is also equipped with a thoroughly sanitary sewerage system and efficient electric light plant. The leading Protestant denominations maintain active and efficient church organizations in Louisburg, which minister to the religious life of the town and college community.

Louisburg College is located on the summit of the highest hill in the town, in a beautifully shaded grove of large oaks, and is the pride of the town and county.

Campus

The campus consists of a magnificent oak grove of about ten acres. These century-old trees lend a peculiar dignity to the campus. The grassy lawns and winding paths contribute much to the pleasure of the students.

Home Life

Louisburg College imparts a homelike atmosphere which is possible only in small institutions where there is constant personal contact between the teachers and

students. This personal relationship brings a feeling of personal responsibility on the teachers' side, and causes the students to regard their teachers as personal friends who are interested in their particular needs and welfare. The teachers are the companions and advisers of the pupils and seek to guide them in the highest ideals of Christian womanhood and manhood.

Administration Building

This building, erected in 1855, is placed on the highest point in the city, and is located just back of the center of the campus. Built of red brick, four stories high and fronted with massive columns, this building dominates the whole scene of buildings and grounds. In it are the administrative offices, parlors, post office, and book store.

Davis Memorial Building

This building was erected in 1911 as a memorial to Mr. M. S. Davis, who was for many years a leader in education in the State, and for many years president of the college. In it are the Departments of Music, Speech, Business, and the woman's infirmary.

West Wing

This building, erected in 1924, is situated to the west of the main building and is connected with it. The first floor is occupied by the dining room, with a seating capacity of 300, and the kitchen. The second, third, and fourth floors are devoted to dormitory rooms for young women.

Pattie Julia Wright Memorial Dormitory
FOR YOUNG MEN

This building was completed in 1926. It is the gift of the late Mr. R. H. Wright of Durham, N. C., in memory

of his sister, Pattie Julia Wright, a member of the class of 1868. It is constructed of red brick, trimmed with stone. This building has accommodations for 116 young men. On the first floor is located the men's infirmary.

Franklin County Building

FOR YOUNG WOMEN

The people of Franklin County, desiring to show their appreciation of the College, which has been serving in their midst for one hundred and fifty years, subscribed $150,000 for the erection of this building. It is a large, three-story brick building, trimmed with stone. It contains eight large classrooms, science laboratories, library, and forty-four dormitory rooms, with accommodations for eighty-eight young women.

The President's Home

The President's home is an eight-room cottage, modernly equipped. It stands on the campus grounds, only a few yards from the college buildings; it is easily accessible and brings the President's household into a unity with the college life.

Central Heating Plant

The central heating plant is located just to the rear of the college buildings and is housed in a two-story brick building. It is equipped with a high-pressure tubular steam boiler and a 1,000-gallon hot-water tank, furnishing adequate heat and an ample supply of hot water for all the buildings.

Library

The library contains over five thousand and five hundred volumes, selected for school purposes and general educational value.

The reading room is a large, airy room, comfortably furnished, and is open all day. The college places in the reading room the leading state and national papers as well as the periodicals of the Church which are for the use of the students at all hours when the library is open.

Farm

The college farm, which has been known as the Macon Place, consists of one hundred and eighty acres and is about three miles from Louisburg on the Henderson highway. This land not only gives the Agricultural students much valuable training in a practical way, but it also furnishes the college with its farm and dairy products.

Religious Influence

Louisburg College is a Methodist Church college which strives to place the religious development of its students as one of the foremost objectives of the college program. The administration does all in its power to create an atmosphere congenial to the development of noble and Christian character. We are well aware of the fact that the primary importance of a college does not lie in the size of its campus, the number of its buildings, the amount of its endowment, the number of people on its faculty, but upon the kind of influence that is brought constantly to bear upon the life of the individual student. And for more than a century Louisburg College has directed her students in high thinking, noble living, and preparation for the best life of service to mankind. The college insists that its faculty be of commendable religious character and do all in their power toward developing and maintaining a Christian atmosphere on the campus.

All students are required to complete at least one unit of Bible study before graduation.

All students are required to attend chapel services which are held twice a week, and every student is urged to attend at least one church service on Sundays in any church of his choice.

The Young Women's Christian Association since the time it was organized has been a positive force in the development of Christian womanhood. It has its place on the campus for the purpose of emphasizing the Christian way of life in the midst of educational pursuit and college activities. Any student on the campus who is in sympathy with the purpose, and who makes the personal declaration, "It is my purpose to be a true follower of the Lord Jesus Christ," may become a member. Services conducted by students or faculty members are held Friday evenings. Several committees unite in furthering finer ideals of campus citizenship and friendliness. An advisory committee consisting of faculty members assist students in the work of the organization.

Since 1931, there has been an active Young Men's Christian Association on the campus. Its purpose is to create a better spirit of Christian living on the college campus, and to help mould the spiritual life of the young men of the institution.

The Young Men's Christian Association and the Young Women's Christian Association each print a Students' Handbook which gives very valuable information about the college, the respective Y. M. C. A.'s and the student governments. A copy of this handbook is presented to each student at the opening of the fall semester.

Physical Education

At the opening of each session a thorough physical and medical examination is given each new college student. Since the college does not require a health certificate upon entrance, it is necessary to find out the phys-

ical condition of the students before they are allowed to take exercises of any kind. This examination is conducted by a medical doctor, assisted by the resident nurse and the athletic directors. In many cases these examinations are of great value to students in aiding them in correcting minor defects which may prove serious in later life. When physical disability makes it advisable not to participate in regular organized class activities, work in a corrective class or individual instruction is offered. A doctor's certificate will excuse a student from any part or all forms of physical exercise.

Every physically normal student in college is required to take some form of physical training. The Director of Athletics is interested in the health and physical development of the entire student body and no one is allowed to overwork, or, on the other hand, neglect taking the proper amount of exercise necessary for his desired state of health. Participation in a major sport may be substituted for physical education, provided the Director of Athletics accepts the candidate. All athletic candidates must return to their respective physical education classes at the close of an athletic season.

Students are encouraged to take an active part in all of the college sports which are offered by their respective directors. The main sports for the girls are basketball, volleyball, tennis, ring tennis, soccer, tether ball, badminton, track, and rhythmical gymnastics. The main sports for the boys are football, basketball, track, boxing, wrestling, tennis, and baseball.

Tentative plans are being developed for a reorganization of the Physical Education Department. These plans have as their objective and aim the physical development of every student along lines not only best suited to his individual necessities, but towards perfection in one or two athletic activities which may be continued after graduation.

Students are required to take two hours of physical exercises each week; for this they receive one hour of credit each semester.

Girls must provide themselves with the regulation gymnasium uniform which can be secured after coming to the college.

Davis Building

General Academic Information

Requirements for Admission

There are two methods for admission to the college—by certificate or examination. To be admitted by certificate a student must be a graduate of an accredited high school. To be admitted by examination a student must have completed the equivalent of a four-year high school course and successfully pass the college entrance examinations prepared by the Examination Committee of the North Carolina College Conference.

Of the fifteen units required for entrance, the following eleven and one-half are prescribed:

English	4	Science	1
Algebra	1½	History	2
Geometry	1	For. Language	2

Three and one-half units may be selected from the following:

Bible	1	French	2
Biology	1	German	2
Botany	1	History or Soc. Studies	3
Chemistry	1	Latin	4
Commercial Subjects	2	Music	1
Domestic Art	1	Physics	1
Domestic Science	1	Solid Geometry	½
Drawing	1	Trigonometry	½
Expression	1	Zoology	½

Entrance Deficiencies

Graduates of approved high schools who offer the required fifteen units, but fail to meet the entrance requirements in Foreign Language or Plane Geometry, may be admitted with the understanding that the deficiency must be made up in one year.

Application for Admission

A blank for formal application will be found in the back of this catalog. An application for reservation of room should be accompanied by a deposit of $2.00. It will be deducted from

the fee of the first semester for those who enter. This fee is refunded if the application is withdrawn before September 1. Because rooms are assigned to admitted candidates in order of registration, there is an advantage in applying early. Those applicants who have paid their $2.00 reservation fee will be mailed their room assignments prior to registration.

Suggestions for New Students

The college rooms are supplied with the necessary furniture. A student, however, should bring with him blankets, bed linen, a pillow, and towels. If the student desires to decorate his room, he should bring draperies, dresser scarfs, rugs, etc.

Books and school supplies may be bought either second hand from former students or in the College Book Store.

Registration

The first day of each semester is set aside for registration of students. A fee of $1.00 a day (maximum $2.00) for late registration will be charged students who register after the day set apart for this purpose. No student will be permitted to register after three weeks from the opening day of the semester, except upon recommendation of the president.

An applicant for admission should file a certificate of his credits, with the registrar. This certificate should be sent directly from the high school principal, prior to the opening of school.

A student desiring advanced standing credit on work taken at another institution must present to the registrar a transcript of the work taken. An average of not less than "C" is required on all transferred work.

Except in the Industrial Arts Course the average student's load is fifteen hours, exclusive of Physical Education. The minimum load that a student may take is twelve hours of regular college work. A student having a "B" average will be allowed to take one extra hour per semester; a student having

a standing between "A" and "B" will be permitted to take two extra hours; and a student having a standing of "A" will be allowed to take three extra hours. A fee of $3 per semester hour is charged for all hours over sixteen, exclusive of Physical Education.

By "hour" is meant a subject recited once a week for a semester. Two hours in laboratory or Physical Education count one hour of recitation.

Change of Courses

A course may be added within three weeks or a course may be dropped within six weeks after registration by getting permission from the instructor and registrar.

No credit will be allowed on any course for which the student has not duly registered.

The grade of a student who withdraws from a course without the permission of the instructor and registrar is recorded as an "F." No student can receive a "drop" in a course, who withdraws after six weeks.

Withdrawal

A student withdrawing from the institution must notify the registrar and make satisfactory arrangements with the treasurer before he leaves the campus. A transcript of credits will not be allowed any student who violates this regulation.

Classification

To be classified as a senior, a student must have completed twenty-eight semester hours work and have received at least twenty-eight quality credits.

Attendance

Students making a grade of A on a course will be allowed three unexcused absences. Students making a grade of B will be allowed two unexcused absences, students making a grade of

C will be allowed one unexcused absence, and students making below C will be allowed no unexcused absences.

Until the mid-semester examinations a student is allowed unexcused absences on the basis of a grade of C (or one absence) unless he becomes deficient in the subject.

Any absence in excess of the number allowed lowers the number of quality credits one point for each absence.

No credit on a three hour course is allowed if a student has more than nine absences for any reason whatsoever during the semester. No credit in a two-hour course for more than six absences, no credit in a one-hour course for more than three absences.

Two tardies will be considered as an absence.

Absences the last two days before holidays or the first two days after holidays will be counted double.

No excuses for absences will be accepted unless presented within one week after absence and passed on by the deans and registrar.

Chapel

Chapel is conducted twice a week. All students are required to be present at these services. A maximum of two unexcused absences from chapel is allowed. Each additional unexcused absence causes the student's quality points for the semester to be reduced one point.

Examinations

Written examinations are held in all classes at the end of each semester. The examination records, combined with the records in class recitations, constitute the student's final grade.

No deviation from the examination schedule is permitted except by special permission of the registrar.

The distribution of all grades will be made from the registrar's office and not from individual teachers.

A fee of $2.00 is charged for all special examinations, except such as are necessitated by sickness or other unavoidable causes.

This fee must be paid in advance and a receipt from the treasurer must be presented before the examination is taken.

Excuses for absences from examinations are handled in the same way as excuses for absences from classes.

Public Representation

The following students may not represent the college in any contest, athletic or otherwise, or appear on any public program of the college:

1. Those who are not passing three-fourths of their school work. Failure to meet this requirement will exclude the student from membership on a team or in an organization, but he will be permitted to practice regularly in the case of athletics, if he so desires. No self-help credit is allowed for practice of this type.

2. Those who have not made satisfactory arrangements for their financial obligations to the college.

Grades and Reports

Reports are sent to parents or guardians every six weeks. The reports are based upon the following system of marking:

A—Excellent.....3 quality points for each semester hour
B—Superior.....2 quality points
C—Average.....1 quality point
D—Below average.....No quality points
F—Failure.....Minus one quality point
I—Incomplete
W—Withdrawn

A student is allowed only one semester to make up an incomplete; otherwise the "I" becomes "F" and the course must be repeated for credit.

If a student fails in fifty per cent or more of his work for a semester, his record will be examined by the dean and registrar who shall determine whether the student shall remain in college.

Dean's List

A full-time student having a standing of 2.5 (half A's and half B's) for the preceding semester will be eligible for the Dean's List the following semester.

Transcripts

Each student is entitled to one official transcript of his work, provided all accounts with the college are satisfactorily arranged. Those requesting additional transcripts should enclose a dollar for services.

Placement Bureau

A placement bureau is to be organized at Louisburg College, under the direction of the administration and an alumni secretary, which will assist graduates of the Commercial Department in securing positions in clerical work. The bureau will have complete records regarding the previous experience of the students, specific types of work for which they are especially trained, and detailed records from their instructors concerning preparation, personality, and ability. These records are kept on permanent file and will be used from time to time over a period of years.

Endowment and Other Funds

Loan Funds and Scholarship Funds

In the spring of 1921 Mr. R. H. Wright, of Durham, N. C., made a subscription of $10,000 to Louisburg College in memory of his sister, Pattie Julia Wright, who graduated at this institution in 1868. In the fall of 1922 Mr. Wright gave an additional $10,000; in 1924, $30,000; in 1926, $50,000, making a total of $100,000. These subscriptions, which were invested in stocks of the par value of the above amount, have been turned over to the college and the proceeds from this fund are used to assist worthy and needy students to secure an education. Applicants for these scholarships must give satisfactory evidence to the administration that they are eligible under the above conditions.

Because of the failure of certain corporations in the depression of 1933-34 the R. H. Wright Loan funds have decreased to $70,000. None of these securities are bearing dividends at this time; therefore there is no money in this fund to loan this year.

In 1928 Mr. Wright gave property valued at $150,000 for the erection of the Richard H. Wright Auditorium and Fine Arts Building.

The D. E. McKinne Loan Fund of $4,000 was established by Mrs. Edgar L. Hart, of Wilmington, in memory of her father, Mr. D. E. McKinne of Princeton. This money is not drawing dividends. No loans can be made on it this year.

The L. H. Joyner Loan Fund, amounting to approximately $200, was established by the Rev. L. H. Joyner, of the North Carolina Methodist Conference, in 1922. The terms of the gift provide that if there be an applicant from Franklin County, such student shall have prefer-

ence. The factors to be considered are scholarship, Christian character, and Christian service.

The Mary Elizabeth Fund was established anonymously in 1923. The terms of the gift provide that the money shall be lent, at 4 per cent interest, to worthy students, members of the senior or junior class.

The M. D. Stockton Fund was given by Mr. M. D. Stockton, of Richmond, Virginia, "to help worthy young women make their lives count in the Kingdom of Christ." Amount, $750.

The Plymouth Fund was given by a group of people, members of the Plymouth Methodist Church, interested in the "Christian education of our Methodist young women." The fund when completed will amount to $1,000.

The Morehead City Fund was provided by members of the Morehead City Methodist Church. When completed the fund will amount to over $1,000. The chief factor to be considered in making loans is the "adaptability of the candidate for distinctive Christian work."

On July 17, 1925, Mr. Benjamin N. Duke gave $50,000 for endowment.

On August 10, 1925, Mr. Duke gave an additional $50,000, which upon order of the Board of Trustees was used to reduce the general indebtedness of the college.

In the fall of 1937, the Sally K. and Amy J. Stevens Memorial Fund was established by the sale of the M. B. Stevens Plantation. This money was given to establish a scholarship fund for boys and girls.

Franklin County Building

Expenses

(1938-1939)

The policy of Louisburg College is to keep its rates as low as possible not to sacrifice the service and standing of the college. The room and board are moderate in cost, yet the administration does all within its power to provide healthful food and reasonable accommodations. The Department of Instruction is well trained, efficient, and is in perfect sympathy with the financial efforts of the college.

Changing conditions of the economic world make it virtually impossible to maintain a standard price from year to year as has been attempted in the past few years.

The college divides its scholastic year into two semesters. The charges by the semester are as follows, with the $90.00 for Self-Help work already deducted:

College expenses for a boarding student for a semester:

Board	$ 52.50
Room	20.00
Tuition	35.00
Library Fee	1.50
Infirmary	2.50
Athletic	1.50
Damage	.50
Annual Fee (optional)	(5.00)
	$113.50

The expenses for a boarding student for a year would amount to $227.00, provided the $90.00 Self-Help work has been satisfactorily handled by the student. For those students who do not wish to take advantage of the Self-Help Plan, the yearly erpense is $317.00.

College expenses for a day student for a semester:

Tuition	$45.00
Library Fee	1.50
Athletic	1.50
Annual Fee (optional)	(5.00)
	$48.00

The expenses for a day student for a year would amount to $96.00.

If any student desires to take special work, or major in any one field where special fees are required, the following list will specify the additional expenses:

	Semester
COMMERCIAL SCIENCE	$35.00
Use of Typewriter	5.00
Use of Stenotype	5.00
SINGLE SUBJECTS	
Stenotypy	10.00
Typewriting	10.00
Stenography	17.50
Accounting	17.50
Use of Typewriter	7.50
Use of Stenotype	5.00
Tuition in Piano (2 lessons per week)	25.00
Tuition in Voice (2 lessons per week)	25.00
Tuition in Piano (1 lesson per week)	15.00
Tuition in Voice (1 lesson per week)	15.00
Use of Piano	5.00
LABORATORY FEES (Home Economics)	
Foods	$ 7.50
Clothing	3.00
Principles of Art	1.00
LABORATORY FEES (Science)	
Zoology	$ 5.00
Botany	5.00
Physics	5.00
Chemistry (Inorganic)	5.00
Chemistry (Organic)	7.00
LABORATORY FEES (Industrial Arts)	
General Shop	$ 5.00
Drawing Instruments	2.50
Drawing Supplies	2.00
LABORATORY FEES (Dramatic Arts)	
Art and Principles of Make-up	$ 1.00
GRADUATION FEES	
Diploma Fee	$ 5.00
Certificate Fee	3.00
Rental of Cap and Gown	2.50
DAY STUDENTS	
Tuition	$45.00
Library Fee	1.50
Athletic Fee	1.50

Students who do not desire to do Self-Help work will be received at the rate of $90.00 per year in addition to the regular charges stated above.

A room registration fee of $2.00 must accompany each application.

For all courses taken independently or in addition to the General Course there will be a charge of $3.00 per semester hour's credit.

If the laundry of the student is taken care of by the college, the charge will be $10.00 per semester, payable in advance.

Terms of Payment

The above schedule of charges and the following terms have been officially adopted by the board of trustees, and the college administration is obligated to adhere strictly to the same.

All payments are to be made in advance by the semester, quarter, or month—semester payments are to be made at the beginning of each semester—quarterly payments on the first of each semester, 15th day of November and the 15th day of March—monthly payments on the 7th day of each month.

Students whose accounts are not settled in accordance with the above terms will be debarred from classes on the date that the account becomes past due until settlement is made.

If a student withdraws voluntarily or is suspended for improper conduct, there will be no refund on the account.

Those who withdraw on account of illness, or other providential causes, will receive a refund on board and room rent in proportion to the time they are overpaid.

Non-resident students will be required to board and room at the college, where they will receive the benefits of the college home life, except in cases where, at the request of their parents, they live with relatives in Louisburg. If the dormitories are full, students may secure room and board in such homes, cafes, or hotels as are approved by the administration. A student

will consult the college authorities before making arrangements to live outside of the college.

The infirmary fee covers the charges for use of college infirmary, services of the nurse, and cost of medicines for minor ailments. Students who need the services of a physician are responsible for all charges incurred.

The so-called "extra" expenses are held to a minimum at Louisburg College. Expensive social events are prohibited and high-priced organizations are not permitted. Parents are urged to limit the spending money of the students to what is reasonably necessary to sound education and healthful development.

Books, laboratory supplies, sheet music, and stationery are sold by the College Book Store at regular list prices for cash.

The damage fee of 50c per semester is charged to each student without recourse. Damage done in excess of this amount will be charged to the student in accordance with the excess damage done.

The owner of each radio will be charged a fee of 50c per month.

The Self-Help Plan

Object

The culture of college life and the opportunities of a college education lure ambitious young people and stir within them a yearning that is not satisfied until they have enjoyed the advantages of college life and have prepared themselves for an honorable career.

Because of financial conditions, very many young people cannot pay all their college expenses. To help these young people, Louisburg College is making a specialty of giving each of its students an opportunity to earn approximately one-third of his expenses for the year.

Management

When students register, they give to the chairman of the Faculty Self-Help Committee a list of their first choices of work. These lists are consulted when appointments are made. Whenever possible, the committee assigns work which is most suitable to the individual student.

The work supervisors direct all work in their respective fields. They encourage students and aid them in improving the quality of their work and in making their work of the greatest educative value to the students.

Kinds of Work

Among the many different types of work which the college has to offer its students, the following general classification may be made: for young women, clerical, library, Industrial Arts, hostess, dining hall, housekeeping, and post-office work; for the young men clerical, dining room and kitchen, library, janitor, landscaping, Industrial Arts, farming, dairying, and various other jobs in which they may have had previous experience.

Students who have had experience in certain work are usually assigned to the same kind of work in the college. A high school librarian, for example, is assigned to library work. Consideration is also given to the kind of work the student is planning to do after leaving college. Students planning to do office work are usually placed in offices in the college.

In a large community of students, the faculty committee places each one to the best advantage of all; however, there may be occasions when a student will find it difficult to get his first choice of work.

Regulations

All students work under the direction of the Self-Help Committee and the supervisor of that special type of work. That the work may be standardized and the rights of each student respected and maintained, the following rules and regulations must be observed by all Self-Help students:

A student appointed to any work must report regularly to his immediate supervisor. Failure to do so is a punishable offense.

Any Self-Help student who needs to be away from his work at any time may do so by making arrangements with his immediate supervisor of work and supplying an acceptable substitute. This should be done by six o'clock p.m. the day before the Self-Help student leaves the college.

Before the opening of the college year, the Self-Help Committee appoints several of the second-year students to their jobs. These students are notified when to come to the college to assist in getting the buildings and grounds in readiness for the opening. These students will be credited on their Self-Help work for all their labor just as if the college were in session.

Student Remuneration

Work at Louisburg College is divided under two headings: skilled labor and ordinary labor. Those capable of doing skilled labor are allowed a higher rate of credit than those who do ordinary labor. Skilled labor draws a credit of thirty-five cents an hour. Ordinary work draws a credit according to the grade of work done. A student doing *A* grade work is allowed thirty cents an hour; *B* grade work draws twenty-five cents an hour; and, *C* grade work, twenty cents an hour.

The grading of a student's work is done by the student's supervisor, and these supervisors use their best judgment in grading. A grade of *A* denotes excellent work; a grade of *B* denotes fair work; and, a grade of *C* denotes poor work.

Each student is allowed to earn ninety dollars of his college expenses by service. In case of special need, the student may be allowed to do as much as one hundred or more dollars of work.

Importance of the Self-Help Work

The rates on the expense page of this catalogue are the amounts in cash students pay after they have earned ninety dollars on their Self-Help work. The treasurer of the college makes, in addition to the cash charge of expenses in this catalogue, a charge of ninety dollars to each student for this Self-Help work. When a student has earned ninety dollars, he is discharged from further Self-Help obligations to the college for the year.

A student who enters college for only a semester should notify the director of labor and ask for an appointment at once. If this is not done, the student must pay in cash to the treasurer the charge for his Self-Help work. Students entering for a short time pay in full.

Non Self-Help Students

Students who do not wish to do Self-Help work pay the college treasurer the sum of forty-five dollars a semester in addition to the cash charges given in this catalogue, or ninety dollars extra for the year. All Self-Help students who do not complete their Self-Help contract pay to the college treasurer, in cash, the difference between their credits on their work done and forty-five dollars for each semester. No student's account can be satisfied until this difference is paid.

Results of the System

The Louisburg College community is a genuine and real democracy. Each student works for all, and all the students work for each student. The student body is a large family where the joy of study, work, and play are successfully coördinated, and where the whole of the work becomes life itself and not mere preparation for life. Real living, solving the problems of the college and of life, and deciding how to work to the best advantage —all these go for making life, and for real living, and not for mere preparation for the future.

Changes in the Plan

The Self-Help Committee is working each year to better the Self-Help Plan and reserves the right to make any changes in the plan whenever it is found wise to do so. These changes are made in the interest of helpfulness, both to the students and to the college.

Drawing Room, Administration Building

Hallway in Administration Building

Requirements for Graduation

To be entitled to an Associate in Arts (A.A.) diploma, one must have completed a minimum of sixty-four semester hours of work from one of the following courses with an average grade of not less than C, and must have earned sixty-four quality points. The diploma will be Associate in Arts.

General Course

Junior Year	Semester Hours	Senior Year	Semester Hours
English Composition	6	English Literature	6
Col. Algebra; Trig.	6	Foreign Language	6
European History	6	Science	6
Foreign Language	6	Phys. and Health Educ.	2
Phys. and Health Educ.	2	Old Testament History	3
*Elective	6	New Testament History	3
		Elective	6
	32		32

* For majors in particular fields, students should adhere to the following outline:

Science—General Inorganic Chemistry.

(A student taking the science course may secure his B.S. in any one of the branches of engineering in which he chooses to major by taking two years and one summer term of twelve weeks after graduation from Louisburg.)

Speech—Fundamentals of Speech.

Teaching—General Psychology.

Music—Beginning Harmony. (Students will be exempt from European History but will be required to take all music electives.) It is advisable for the student to consult the professor of Music before making a definite decision.

Note: Students who do not plan to go to a senior college will be excused from foreign language.

Agricultural Course

JUNIOR YEAR	Semester Hours	SENIOR YEAR	Semester Hours
English Composition	6	English Literature	6

NOTE: Students transferring to a senior college requiring foreign language for graduation, will be excused from twelve hours of the above but will be required to take twelve hours in foreign language.

The Old Oaken Bucket

Courses of Instruction

Odd-numbered courses are offered in the fall semester and even-numbered courses are offered in the spring semester. Double numbers indicate that the course is a year course and in some cases must be continued throughout the year if credit is desired.

Commercial Science

MISS COVINGTON MRS. KILBY

11 *Introduction to Business* — 3 semester hours

A study of the fundamental principles upon which modern business is organized and operated. Emphasis is placed upon methods and procedure as they apply to promotion, selling, labor, credit, distribution, and the various forms of business enterprises.

13-14 *Typewriting I* — 3 semester hours

This course is designed to instruct and drill the students in the technique of typewriting. This includes a study of the parts of the machine, mastery of the keyboard, tests and drills for accuracy and speed. Required speed for the completion of this course is forty words a minute.

15-16 *Typewriting II* — 3 semester hours

Drills and speed tests form the major part of the course. Special drill in legal forms, billing, tabulation, statistical reports, and stencil cutting. Required speed for the completion of this course is sixty words a minute.

17-18 *Shorthand* — 6 semester hours

A study of elementary Gregg Shorthand. The principles of shorthand are thoroughly mastered. Drills in reading and writing are presented. Five months are devoted to theory and four to dictation. The required speed for the completion of this course is eighty words a minute.

19-20 *Advanced Dictation* — 6 semester hours

This course consists of dictation and transcription with a thorough review of shorthand theory. Accuracy, speed, and neatness in transcription are developed.

21-22 *Stenotypy* — 6 semester hours

Stenotypy is the machine shorthand, a system of simplified spelling written in plain alphabet type on the stenotype. The machine is in use today in business organizations, in civil service, in law offices, in court recordings, and in convention reporting.

From six to eight weeks are given to a mastery of the keyboard, a knowledge of stenotype letter combinations, and abbreviations, and the ability to read stenotype notes. Speed development is then begun, with emphasis placed on vocabulary building.

23-24 *Advanced Stenotypy* 6 semester hours

A review of stenotype theory and abbreviations. Dictation and transcription. The required speed for the completion of this course is one hundred fifty to one hundred seventy-five words a minute.

25-26 *Accounting I* 6 semester hours

This is an introductory course in the field of accounting. Theory of modern accounts; debit and credit; classification of accounts; procedure of recording transactions; work sheets; adjusting and the more common type of business reports.

27-28 *Accounting II* 6 semester hours

An intensive study of corporations and corporation accounting; actuarial science; average due dates of accounts; inventories; tangible and intangible fixed assets; investments; funds and reserves; comparative statements; analysis of working capital and miscellaneous ratios; statement or application of funds; and an introduction to state and federal income taxes.

30 *Cost Accounting* 3 semester hours

The elements of costs, principles and general methods of cost finding, direct and indirect expenses, wage systems, recording material and labor costs, standard costs, cost systems. The student will be required to keep a set of manufacturing records during the course.

31 *Banking and Machine Bookkeeping* 2 semester hours

The application of the principles of accounting to mechanical accounting devices, with a study of efficient machine methods that conform to good accounting practice. A thorough study of machine installations with practice on commercial posting and billing machines, and bank posting and bank transit.

33 *Office Practice and Management* 3 semester hours

This course is designed to instruct the student in modern office practice. An examination is made of the chief types of business letters, such as letters of application, recommendation, complaint, adjustment, credit, collections, sales and follow-up. Principles and systems of filing are studied.

34 *Office Practice and Management* 3 semester hours

A continuation of Office Practice 33.

This includes a study of mimeographing, duplicating, use of the telephone, contacting the public, office etiquette, appropriate dress, and general office duties. Reading assignments and discussion of secretarial duties and requirements.

English

MISS CRAIG MR. PEELE MISS STIPE
MISS PEYATT MRS. STROUD

11-12 *Composition and Literature* — 6 semester hours

During the first semester attention is concentrated on the review of grammar and punctuation with emphasis upon expository writing. The work for the second semester is based upon a wide reading in modern literature with frequent oral and written discussions. A definite amount of parallel reading is required throughout the year, and one term paper is required in the spring.

13-14 *Survey Course in English Literature* — 6 semester hours

This course is a general survey of English Literature, which is studied in close connection with its history and development.

15 *The English Novel* — 3 semester hours

In this course is traced the development of English prose fiction as a literary form. Six representative novels are studied in class and critical estimates of thirty additional ones are presented to the class by students.

16 *Modern Drama* — 3 semester hours

A critical study of the development of modern drama is offered, beginning with the works of Ibsen and including those of Wilde, Pinero, Galsworthy, Shaw, Barrie, O'Neill, and others. Extensive reading of plays and the writing of a short research paper are required.

17-18 *Survey Course in American Literature* — 6 semester hours

This course is a general survey of American Literature with emphasis upon selected major writers. It includes the intensive study of one modern novelist.

20 *Business English* — 3 semester hours

An intensive review in grammar, spelling, punctuation and the mechanics of writing is offered. It is designed primarily for a thorough grounding in the basic principles of writing and speaking for the students of Commercial Science and Industrial Arts.

Home Economics

MRS. MOON

11-12 *Textiles and Clothing* 6 semester hours

A study of the wardrobe of the individual student with emphasis on suitability for different types and various occasions. It also includes clothing fabrics, clothing budget, care and repair of clothing and garment construction.

One lecture and two three-hour laboratory periods a week.

13-14 *Food Study* 6 semester hours

This course deals with the composition of foods; their selection and preparation. It teaches meal planning, preparation and serving.

Students taking foods are requested to wear white uniforms. Hand and dish towels are also furnished by students.

One lecture and two three-hour laboratory periods a week.

15 *Principles of Art* 3 semester hours

Line, color and structure as applied to textiles, costume, home decoration, and related problems in every day life form the major part of this course.

One hour lecture and two three-hour laboratory periods a week.

16 *House Planning and Furnishing* 3 semester hours

House plans are studied to suit the family needs and income with emphasis on convenience and attractive arrangement.

Two hour lectures and one three-hour laboratory period a week.

17 *Home Nursing* 3 semester hours

Health standards are discussed; also methods for home care of the sick including proper feeding.

Three hour lectures a week.

Industrial Arts

MR. PATRICK

11-12 *Engineering Drawing and Descriptive Geometry* 6 semester hours

Drawing-board work covering lettering, orthographic projection, isometric, oblique, and cabinet drawing, sheet metal development, sections, assembly and detail drawing, tracing and blue-printing.

Representation of geometrical magnitudes by means of points, lines, planes, and solids; and the solution of problems.

13-14 *Mechanical Drawing* 4 semester hours

Drawing-board work covering machine fastenings, pipe fittings, cam design, technical sketching, applied descriptive geometry, and working drawings; tracing and blue-printing.

Prerequisites: Engineering Drawing and Descriptive Geometry.

15-16 *General Shop I* 6 semester hours

Principles and practice in wood, metal, electrical, and printing shop work as meeting the needs of general shop teaching. Elective work in photography, auto-mechanics, ornamental concrete, and leathercraft.

17-18 *General Shop II* 6 semester hours

Advanced practice in wood, metal, electrical, and printing shop work, with emphasis on design of projects. Advanced elective work in photography, auto-mechanics, ornamental concrete, and leathercraft. An opportunity for the study of general shop organization and layouts is offered students who wish to major in Industrial Arts.

Mathematics

DR. AMICK MR. CAMERON

11-12 *Mathematical Analysis* 6 semester hours

A systematic development of the notation of functions. The algebraic functions, including the linear functions, the quadratic functions, and functions of higher degrees are taken up in the fall semester.

The spring semester will take up a study of the transcendental functions, rates of change in the functions, and associated problems. The trigonometric functions and their application to the solution of triangles is taken up and completes the year's study.

Required of all agricultural students. Open to all students who do not intend to major in Mathematics.

Offered in 1938-39 and alternate years.

13 *College Algebra* 3 semester hours

This course includes a review of elementary algebra, quadratic equations, the progressions, the binomial theorem, logarithms, permutations and combinations, and the general theory of equations.

Required of all freshmen majoring in Mathematics.

14 *Trigonometry* 3 semester hours

A study of the trigonometric functions, derivation of formulae, and the solution of plane and spherical triangles with practical applications.

Required of all students majoring in Mathematics.

15 *Analytic Geometry* 3 semester hours

This course makes a study of the theory of cartisian and polar-coördinates and applies this to equations of the first and second degrees. A study of the conic sections.

Required of all students majoring in Mathematics.

16 *Differential Calculus* 3 semester hours

A study of variables and functions; limits; differentiation, geometrical and physical applications of the derivative; maxima and minima; rates; differentials; curvature; indeterminate forms and of partial differentiation.

Required of all students majoring in Mathematics.

18 *Solid Geometry* 3 semester hours

Open to all majoring in Mathematics and not given except where as many as three apply.

19 *Integral Calculus* 3 semester hours

The theory of integration; the definite integral; integrals reduced to standard forms; integration as a process of summation; areas, lengths of curves, volumes; the application of integration to problems of physics; successive and partial integration.

Prerequisites: Mathematics 13, 14, 15, 16.

21 *Business Mathematics* 3 semester hours

The object of this course is to give the student a thorough foundation in the principles of non-technical mathematics used in personal business dealings and in business positions. It consists of a thorough training of the fundamental operations including common and decimal fractions, percentage, interest and discount, and stocks and bonds. Practical short-cuts and special computation methods, as well as building and loan association, life annuities, and life insurance are studied.

Modern Languages

MRS. UHLER

FRENCH

11-12 *Elementary French* 6 semester hours

A course for those who do not offer French for entrance.

Fundamental principles of grammar, pronunciation, and composition; dictation, reading of simple French prose, and sight translation.

13-14 *Intermediate French* 6 semester hours

Prerequisite, two units or six semester hours of French.

Thorough review of French grammar; drill in irregular verbs and idioms, composition. Reading from the works of standard modern French authors. Collateral reading.

Personal conferences are arranged with students throughout the year.

15 *Survey of the Classic Period in French Literature* 3 semester hours

Prerequisite, French 13-14.

This course is designed to give the student a comprehensive view of French Classic Literature and the background in which it was produced. Selected works of Corneille, Molière, Racine, and other writers of the period are studied.

The work is carried on through lectures, assigned readings, class translation, and "explications de texte."

16 *Survey of Modern French Literature* 3 semester hours

A continuation of French 15.

A critical study of the main currents in French literature from Voltaire to Anatole France.

GERMAN

11-12 *Elementary German* 6 semester hours

Pronunciation, grammar, and dictation. Reading of the more simple Novellen. Sight translation.

Personal conference arranged with the students throughout the year.

13-14 *Intermediate German* 6 semester hours

Prerequisite, German 11-12.

Review of grammar. Reading standard contemporary German prose and some representative poetry. Collateral reading.

Music

MISS FINCH MR. MOON

The Department of Music offers regular two-year courses in piano and voice, granting diplomas to those who have completed in a creditable manner the prescribed course, and have given a public recital.

Attendance at the student and faculty recitals is required of all students taking the music course.

Students are graded in music according to the quality as well as quantity of work done, and therefore on entering are classified only tentatively until the value of their entrance music can be determined.

For admission with the major in voice no previous training in voice is required. The student should have had training in the elements of music, including one or more years in piano study.

Resident and non-resident students of all ages and of any stage of advancement who are not seeking a certificate or diploma may be admitted as music students without fulfilling the above requirements for the music course.

THEORETICAL COURSES

11-12 *Sight Singing* — 6 semester hours

The study of the elements of notation. Drill in the reading and singing of intervals, using easy sight singing material.

Three hours a week. MR. MOON

13-14 *Advanced Sight Singing* — 6 semester hours

Continuation of first year sight singing. Reading of all types of intervals in all major and minor keys. Melodies with modulations.

Three hours a week. MR. MOON

15-16 *Harmony* — 6 semester hours

The study of intervals, scales, primary and secondary triads and their inversion, simple non-harmonic tones, dominant sevenths in all keys, analysis of hymns and simple pieces. Keyboard harmony, harmonic and melodic dictation.

Four hours a week. MISS FINCH

17-18 *Advanced Harmony* — 6 semester hours

Continuation of first year harmony, with the addition of chords of the seventh, ninth, and eleventh, altered and mixed chords, all non-harmonic tones; harmonization of melodies and basses, original chorales, piano setting of folk songs and spirituals; analysis. Keyboard harmony; harmonic melodic dictation.

Four hours a week. MISS FINCH

19-20 *History of Music* 4 semester hours

This is a literary course which does not require special technical skill. It is a study of the history of music from primitive times to the present. This course is required of all music students and may be profitably elected by other students who wish to enrich their cultural background.

Two hours a week. MR. MOON

APPLIED COURSES

PIANO

Junior Year 6 semester hours

Major and minor scales at octaves, thirds, and tenths, triad arpeggii hands together.

Scales M.M. 108.

Standard etudes; Bach little preludes and fuges, and two part inventions. Haydn, Mozart, or earlier Beethoven sonatas or variations; selected thesis. Memorization of all pieces used in performance. At least one successful performance in student recital a semester is required of all students working for a music diploma.

Senior Year 6 semester hours

Scales at octaves, thirds, sixths, and tenths, M.M. 120. Dominant and diminished seventh arpeggii. Selected etudes, Bach inventions and easier preludes and fugues of the well-tempered Clavichord. Haydn, Mozart, and Beethoven sonatas. Pieces by standard classic and modern composers. Memorization of all pieces used in public performance. Participation in student recitals whenever required, and presentation of senior recital.

VOICE

Junior Year 6 semester hours

The technique of voice production in singing; breathing, resonance, diction, interpretation—developing technique and style. Body position and facial expression are observed. Folk songs and art songs of moderate difficulty and a classical Italian aria are studied.

Chorus attendance is required.

Senior Year 6 semester hours

Technical work in fundamentals continued, increasing repertoire with Italian, French, German, and modern English songs with special emphasis on German Lieder.

Recitative, oratorio, and opera will be studied, giving a valuable repertoire for public singing and teaching.

Chorus attendance is required.

Natural Sciences

MR. OLIVER

BIOLOGY

11-12 *General Zoology* 6 semester hours

A general survey of the animal kingdom, emphasizing classification and including the fundamentals of comparative anatomy and physiology.

Two lectures and one two-hour laboratory period a week.

13-14 *General Botany* 6 semester hours

A study of the structure and functions of the higher plant groups, with particular reference to plants of economic importance.

A survey of the plant kingdom, beginning with the algae and concluding with the angiosperms. In this course, particular emphasis is placed on classification and ecology.

Two lectures and one two-hour laboratory period a week.

CHEMISTRY

11-12 *General Inorganic Chemistry* 8 semester hours

This course includes a study of the occurrence, preparation, and properties of important metallic and nonmetallic elements and compounds. An endeavor is made to cover the fundamental principles of descriptive and theoretical inorganic chemistry.

Three lectures and one two-hour laboratory period a week.

13-14 *Organic Chemistry* 8 semester hours

Prerequisite, Chemistry 11-12.

Designed to complete the chemistry requirements for pre-medical students. First semester, Aliphatic series; second semester, Aromatic series.

Three lectures and one two-hour laboratory period a week.

PHYSICS

11-12 *General Physics* 8 semester hours

Prerequisite, Trigonometry.

General Physics for literary, pre-engineering, pre-medical, and pre-dental courses.

Three lectures and one two-hour laboratory period a week.

Physical Education and Hygiene

MISS FINCH MR. CAMERON

11-12 *Physical Education for Women* 2 semester hours

In the fall students may play volleyball, ring tennis, soccer, and rhythmical gymnastics. Later they engage in Danish gymnastics, tennis, ring tennis, badminton, and the various games. Hygiene classes are held regularly through the year.

13-14 *Physical Education for Men* 2 semester hours

Football, basketball, and baseball are played in season. Boxing, tennis, soft-ball, soccer, volleyball, badminton, and other sports are offered. Regular hygiene classes are held in conjunction with the physical exercise.

Religious Education

MR. PHILLIPS MISS STIPE

11 *Old Testament History* 3 semester hours

This course gives a brief survey of Old Testament History. It aims to give a knowledge of the history of the Hebrews, and enables the student to appreciate Old Testament literature.

12 *New Testament History* 3 semester hours

This course acquaints the student with facts contained in the historical background of the New Testament. The Life of Christ and the History of the Apostolic Age are studied from the historic standpoint.

13 *Religious Education* 3 semester hours

Consists of three units as follows: (a) psychology of the religious life; (b) methods in teaching religion; (c) the organization and administration of the church school.

14 *Religious Education* 3 semester hours

Consists of three units as follows: (a) the World mission of the Christian religion; (b) the spirit and genius of Methodism; (c) the Church and its work.

Social Sciences

MR. EARNHARDT MR. KILBY MRS. KILBY
MR. CAMERON MR. MOON

ECONOMICS

11-12 *Principles of Economics* 6 semester hours

This course treats of the present organization of industry, mechanism of exchange, determination of value, distribution of wealth, and certain selected economic problems, such as banking, tariff, labor, and taxation.

14 *Agricultural Economics* 3 semester hours

This course studies the farm organization and management from the viewpoint of economic principles. It affords the student an opportunity to place the agricultural industry in proper relation to other great industrial organizations.

16 *Commercial Law* 3 semester hours

A study of general commercial law. Real property, contracts, agency, negotiable instruments, suretyship, insurance, bailments, carriers, sales of personal property, partnerships, corporations, business torts and crimes, mortgages, landlord and tenant.

GOVERNMENT

11-12 *American Government* 6 semester hours

A study of our national, state, and local government, with emphasis on the development of the Constitution of the United States.

HISTORY

11-12 *European History* 6 semester hours

A survey of European history from 1500 to the present, emphasizing the commercial revolution, the protestant revolt, colonial and dynastic rivalry, industrial revolution, rise of democracy, imperialism, causes and results of the World War.

13-14 *American History* 6 semester hours

A study of colonial history, the Revolution, the formation of the Constitution, the growth of the Union, and a survey of political and social forces from the Compromise of 1850 up to the present.

SOCIOLOGY

11-12 *Rural Sociology* 3 semester hours

The object of this course is to give a careful study of the relation of the farmer to the small community. Emphasis is placed upon his vital relation to his fellowman and his nation.

PSYCHOLOGY

11 *General Psychology* 3 semester hours

This course includes such topics as the development of character traits, the nature of the emotions, thinking, the process of learning, personality adjustments, and the general inherent characteristics of human nature.

12 *Educational Psychology* 3 semester hours

This course includes the study of the native equipment of human beings which serves as a basis of education; the nature of the learning process, with special attention to conditions which favor effective learning; intelligence and its testing.

14 *Child Psychology* 3 semester hours

This course includes a survey of the development and growth of the child, emphasizing recent experimental work in mental development, and giving attention to the mental, physical, social, and moral problems arising in child care and training.

Speech and Dramatic Art

MISS PEYATT

11-12 *Fundamentals of Speech* 6 semester hours

This course gives the student a foundation for advanced courses in speech and dramatic art. It involves the theory and practice in the development of a pleasant speaking voice, the use of good diction, the development of poise of body, and the oral interpretation of literature. Study of conversational form and development of logical instinct and imagination. Oral reading of poetry and prose with work in group discussion and public reading. Two hours of classwork, eighteen individual lessons, and dramatic rehearsal. One half-hour daily practice required.

13-14 *Oral Interpretation of Literature* 6 semester hours

Prerequisite, 11-12.

Training in the development of dramatic instinct and imagination, further pantomimic training and oral interpretation of various types of literature. Technique of voice and action. Analysis and interpretation of the monologue and one-act plays. A public recital is required in the second semester.

Two hours class work, eighteen individual lessons, dramatic rehearsal. One half-hour daily practice required.

15-16 *Corrective Speech* 4 semester hours

The purpose of the course is to correct speech defects and to develop the ability to read aloud simply and easily. The class hours will be used for practical experimentation in speaking and reading with emphasis placed on problems in pronunciation and work in diction. One half-hour daily practice required. Elective.

17-18 *Art and Principles of Make-Up* 2 semester hours

This course includes the principles of stage and street make-up and the artistic application of each.

19-20 *Public Speaking* 4 semester hours

A general course in the theory and practice of public speaking, debating, development of a good speaking voice, poise of the body, and oral reading. Elective.

Dining Hall

Social Hall, Administration Building

THROUGH THE TREES

Student Organizations

Young Women's Christian Association

The Young Women's Christian Association since the time it was organized has been a positive force in the development of Christian womanhood. It has its place on the campus for the purpose of emphasizing the Christian way of life in the midst of educational pursuits and college activities. Any student on the campus who is in sympathy with the purpose, and who makes personal declaration, "It is my purpose to be a true follower of the Lord Jesus Christ," may become a member. Services conducted by students or faculty are held Friday evenings. Several committees unite in furthering finer ideals of campus citizenship and friendliness.

An advisory committee consisting of faculty members assist students in the work of the organization.

Young Men's Christian Association

The Young Men's Christian Association was organized in 1931. Its purpose is to create a better spirit of Christian living on the college campus, and to help mould the spiritual life of the young men of the institution. One of its ideals is to be of service to the young men.

Glee Club

The Glee Club is a student organization, the membership of which comes from the entire student body. Two rehearsals are held weekly. Selections which have wide appeal are chosen for study, and stress is laid upon tone quality, shading, firm attack, phrasing, and interpretation of songs. The Glee Club sings each year a Christmas Carol service and a concert during Commencement.

College Band

The Music Department sponsors a band and students who play instruments are eligible for membership. Regular practice periods are scheduled. The band plays at the various games and entertainments of the college.

Dramatic Club

The Dramatic Club is made up of all students of the Speech Department and other students of the college showing histrionic ability. Meetings are held once a month, at which time various phases of drama and acting are discussed. The number of productions per year range from three to five.

Louisburg College Players

The Louisburg College Players is the honorary division of the Dramatic Club. Only those students possessing histrionic ability and those who meet certain requirements according to the adopted point system are eligible to become members. The Players' emblem is a reward given to active Players in recognition of their outstanding work in dramatics.

Debating Club

The purpose of this club is to afford the student practice in open forum discussion of queries, and practical debating. The club meets twice a month and during the year intercollegiate debates are arranged with junior college teams.

The Monogram Club

The Monogram Club is sponsored by the Director of Athletics who awards "L's" to those boys who have not only revealed marked ability in one or more of the major sports, but who have also maintained a creditable scholastic standing and fostered superior ideals of sportsmanship. At the present time a point system is being developed through which the girls may be eligible for membership in a similar club.
